Re: Market Livestock Project Meeting - Monday, March 24, Prairie Theater, UW-Fond du Lac

Market Livestock Project Participants:

Similar to past years, there will be a pre-fair Market Livestock Project Meeting for 4-H and FFA members planning to exhibit market animals at the 2008 Fond du Lac County Fair. It will be held on Monday evening, March 24th **beginning at 7:30 pm** at the Prairie Theater located in the University Center of UW - Fond du Lac. All members and parents (if possible) are expected to attend.

At this meeting, current and new rules will be reviewed, problems or concerns will be addressed, future plans outlined, and you will be asked to volunteer to help with this year's fair. In addition, a member of the Wisconsin Livestock Identification Consortium will be giving a presentation on the importance of animal identification. This will coincide with the RFID (Radio Frequency ID) tags that are being used for identification of market livestock animals this year.

Those attending will receive 2 credits toward their educational requirements. Everyone is strongly encouraged to come to this meeting to make this year's projects run smoothly and successfully.

Look forward to seeing you on Monday, March 24th.
