CREATING LONG-TERM PROJECTS

WHY CREATE A LONG-TERM COMMUNITY SERVICE PROJECT?

Many clubs are looking for a way to have a bigger impact on a specific issue, and one option is to form a partnership with an organization. Just like any relationship in your life, communication is essential in making the relationship work.

STEPS TO CREATE A SUCCESSFUL PARTNERSHIP:

1. 4-H Members Identify a Community Need
   - Ex: Improving the living situation of residents in the local nursing home
2. Youth and Adults Engage In Conversation with Potential Partner
   - Indicate the club’s intention of forming an ongoing relationship with their organization
3. Identify Needs Between the Two Partners
   - 4-H Members - looking for ways to improve the quality of living for elderly people
   - Nursing Home – looking for people to visit their residents, play games with them, help them with art projects, and assist in the gardens
4. 4-H Members Decide Activities
   - Appropriate activities for youth
     i. Time of day
     ii. Accessibility
     iii. Age of members
     iv. Financial resources of members and club
     v. Ability of members
   - Fits into the club’s plan of activities
   - Interests the members
   - Targets the initial purpose of community service
5. Youth and Adults Continue Conversations to Finalize Logistics
6. Evaluate the Activities & Communication Efforts Throughout
7. Continually Identify New Needs that Arise
